LUXURIOUS SKIN CARE

Red Carpet Facial – This results-oriented treatment utilizes a unique protein enzyme, known as the “liquid gold”, to stimulate cell metabolism to dramatically improve the skin’s appearance. After the initial cleansing and skin analysis, you will receive a stimulating cinnamon enzyme peel that will increase lymphatic drainage while deep cleansing each pore. Next, two soy protein masks are layered over the peel for a detoxifying and tightening effect. While the masks dry to enhance dermal toning, a luxurious anti-aging massage cream is smoothed over your hands and arms. This facial will reveal beautiful transformed skin.

Volcanic Clay Purifying Facial – This facial incorporates a powerful purifying mask made from a blend of botanical essences in a base of Bentonite Clay and Kaolin, two of nature’s most powerful detoxifiers. Helichrysum, Lavender, Sandalwood, and Rosewood are just a few of the beneficial and sedating oils that calm the mind while rejuvenating the skin and promoting cell regeneration.

Chai-Soy Detoxifying Facial – The aromatic spices of Chai are the inspiration for this facial. Cinnamon, Nutmeg, and Clove promote circulation and detoxification of oily and congested skin while Horse Chestnut and Marigold strengthen weak capillaries and soothe the skin. Indian Springs Mineral Clay, Organic Soy and Alfalfa form the base of this mask and provide the skin with essential colloidal minerals and antioxidants.
